

Certificate of Analysis

Soy Phosphatidylcholine (PC80)

Name: soy Phosphatidylcholine
Composition: Mixture of phosphor- and glycol- lipids
Appearance: waxy solid
Solubility: Dispersible in water, soluble in fats/oils and soluble in ethanol
Raw materials: extract from deoiled soy lecithin powder

Chemical analysis		
Test Items	Standards	Test results
Phosphatidylcholine(PC)	80% min	82.5%
Loss on drying	2% max	0.4%
Acid value (mgKOH/g)	36 max	21.6
Peroxide value (meq/kg)	10 max	2.0
Arsenic	1 ppm max	Conform
Heavy metal	10 pp max	Conform

Batch No: 20201201	Date of manufacture: 20201201
Self life: 1 year	Date of test: 20201201

Packing in 5KG alum-foil bags, 4X5 bag in one 20KG net weight carton.
